

Enskuskólinn Courses

Our Courses

We pride ourselves on offering courses tailored as closely as possible to learner's individual needs. All students are assessed and rated on a 6-level proficiency scale prior to beginning a course and then placed in a group with no more than 10 students.

Our courses fall into 6 main categories:

1. **Regular adult EFL courses:** These courses are generally in the same format: 5 weeks x twice a week. They run mostly in the evenings but there are usually a few morning groups. All lessons are 90 minutes long. To complete a level satisfactorily, learners are expected to complete four 5-week courses during the school year, which runs from September to April. The course content is selected from the appropriate level syllabus and based on learner needs. There are no textbooks for these courses. Instead materials have been developed for each level that can be revised and adapted by the teacher depending on the needs of the learners.
2. **Specialised EFL courses:** these courses include Business English, Writing and Grammar, TOEFL and GMAT preparation, and discussion groups (film, current affairs etc.). Course lengths and formats vary depending on learner demand.
3. **Business English courses:** we offer Business English courses for teaching organizations in Reykjavik.
4. **Company courses (CCC):** Companies wishing to provide English training for their staff, hire Enskuskólinn to assess their staff and design customized English language training courses.
5. **Private lessons:** students with very particular needs are offered a package of 5 one-hour lessons arranged at their convenience.

6. **Children's courses:** For children from playschool to grade 10, these courses run once a week for 5 weeks, usually on Saturdays. Lessons are 90 minutes long. We also run a summer school during June.

Our mission statement

To make Enskuskólinn the market leader in the provision of English language teaching and related services in Iceland.
